

DOES A CHILD OR STAFF MEMBER AT YOUR SETTING HAVE COVID-19 SYMPTOMS?

NO

Your setting can remain open as normal

YES

The child or staff member must be separated from the rest of the setting and sent home as soon as possible.

The child or staff member begins 7 day isolation and must get a test. Their family starts 14 day isolation. At this point, the setting can continue to remain open.

Was the test positive?

NO

They can now return to the setting.

YES

Child or staff member and their family remain in isolation. NHS Test and Trace will call for information on recent contacts.

Any children and staff who came into contact with that child or staff member must now self-isolate for 14 days. Their families do not need to self-isolate at this point.

NO

Have any other children or staff developed symptoms during 14 day isolation and tested positive for COVID-19?

YES

The child or staff member should now isolate for 7 days from point of showing symptoms. Their families will need to self-isolate for 14 days from this point.

From the initial positive result, Test and Trace activity will begin. If multiple cases are detected in one setting, local health protection teams will conduct a further investigation and advise the setting.
