

The EDI Project

What is it?

· The purpose of the EDI project is to help shape and develop bespoke, appropriate Welsh Language training courses for the Early Years and Play sectors. It's part of the 'Work Welsh' scheme being developed by the National Centre for Learning Welsh.

What do we need to know?

- We need to know what you can already do, so that the new courses meet your needs.
- The success / accuracy of the mapping project relies on us collecting information from Early Years and Play workers across Wales.

What will you get?

- Each person who takes part will be entered into a raffle to win 1 of 2 One4all giftcards, each worth £50.
- Remember, it's not a test, but you will get a 'result' at the end of the quizzes, which will tell you roughly what level you're currently at, mapped against the Welsh for Adults levels.

What will you have to do?

- a simple introductory questionnaire, either in person, by phone or through Skype (5-10 min).
- 2 online quizzes to see how much Welsh you understand (Reading and Listening).
- We will also ask some of you if you are willing to complete 1 or 2 other online quizzes for speaking and writing.

'Cwlwm' is a collaboration between Clybiau Plant Cymru Kids' Clubs, Mudiad Meithrin, NDNA Cymru, PACEY Cymru and Wales PPA
